USA

Setting up date:
2003

About us

More than just a label, Carioca Collection is a concept with a strong identity: it favors chic and light beachwear, the comfort of luxurious fabrics, cuts both feminine and graphic and puts the emphasis on colors, whether neutral or bold.

The collections are modern and versatile, light and chic, wearable in all circumstances and have been conceived for today's living with travel in mind.

What we do

Women's Swimsuits
From basic to sophisticated models, Carioca Collection offers a large range of beachwear for all occasion. Colors, embroideries, Swarovski crystals, pearls... any woman can be a princess on the beach!

Succeed with us

Carioca Collection conveys elegance and modernity at the same time. It makes beachwear contemporary. Each season brings a new story, for a full resort collection, where swimsuits go along with ready-to-wear and accessories. Fabrics have a second skin quality and seams are invisible, which gives simplicity and femininity to the product.
